80 residents petition

Council demands end to Webb St. dumping

By ELLIS CUEVAS

The Bay St. Louis Council received a petition signed by 80 residents in the vicinity of the Webb Street dump requesting action be taken on conditions in that area.

Mrs. Sylvia Vinot, area resident, said the signatures are those of residents of Spanish Acres, Old Spanish Trail, Central Avenue, Chantilly Terrace and Webb Street.

Council President Pete Benvenuti made a motion to close the dump down 'officially' and permanently and it was carried unanimously.

Mayor Larry Bennett sent a letter to the owner on Oct. 11, stopping any further digging on the property.

Mrs. Vinot reported the Board of Health had closed the dump down on several occasions before under dif-

ferent ownership but, it kept re-opening.

Bennett said in response to the petition he went out and checked the dump and then sent the letter.

Louis Fernandez, sanitation officer reports the State Board of Health notified the owner of the dump that it is closed permanently to all dumping.

In other business the Council was unanimous in setting public hearings for four property owners on property cleanup.

The four persons named were Melvin Carver, Felicity St.; Christiana Laneaux, St. George St.; Joseph Martin Tate, Sycamore; and Gilbert Anthony, St. Francis and Washington.

Council took under advisement bids for a new fire engine. Southern Fire Equipment submitted three bids on a 1250 gallon-per-minute pumper fire trucks of different models. The bids were \$63,525; \$65,508; and \$66,282 with a bid coming from Mossa Equipment Company for \$67,708.

Council accepted two proposals from James Chiniche, engineer, one in reference to drainage problems on Thomas St., Leonhard Ave., Boardman Ave. and 300 block of Demottuzin Ave.

The second proposal accepted was for the Beach Sidewalk relocation. Chiniche's price for the drainage was \$1,400 and the sidewalk project \$12,000 for work which would end after the preparation of a preliminary design with recommendation.

A third proposal by Chiniche brought discussion by the Council since it involved Spanish Acres drainage.

Council member Harry Farve said, "I cannot see us going into another study on Spanish Acres drainage when we have already paid for two, one from Burk and Associates and another from

Broadway and Seal."

Council member James Thriffley commented, "The two reports were in direct conflict with each other, and we need another opinion."

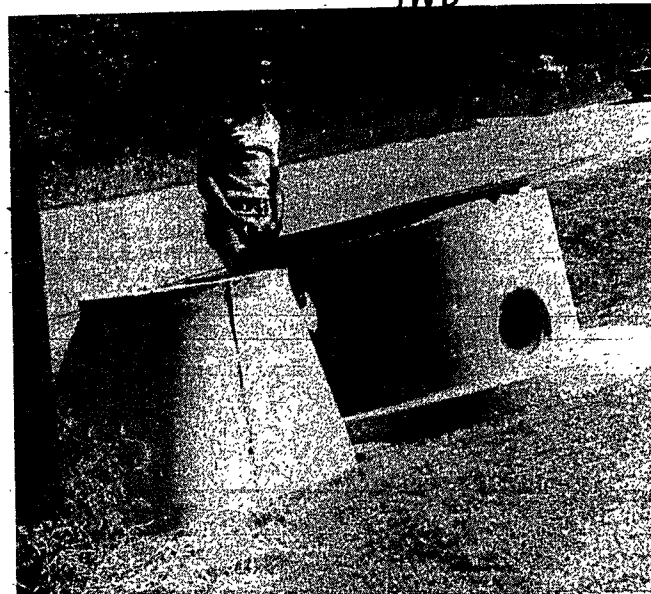

Mayor Bennett reported, "I asked for something to be done since last November, and we have been on this for a year."

A motion to table the Spanish Acres Proposal was approved by a 3-1 vote. Council members Pete Benvenuti, Wilmer Seymour and James Thriffley noted for and Harry Farve against.

Council member Benvenuti said the reason for the Spanish Acres drainage problems was because the Zoning and Planning board did not do its homework when the subdivision was filed.

Council president Benvenuti read a

Rescuers searching for missing boaters

By RICH ADAMS

Hancock County Civil Defense and U.S. Coast Guard units continued a search Wednesday for two Picayune residents who are overdue since Sunday from a fishing trip out of Bordages' Fishing Camp in Lakeshore.

Civil Defense Director Robert Boudin said Wednesday afternoon that no sign of Frank Frierson, 57, and Sally Herrin,

30, has been discovered since they were reported overdue Sunday evening.

The couple left Bordages' Saturday morning in a 26-foot fiberglass fishing boat, the 'My Desire,' and were due back Sunday, according to Lt. John Byrd, a rescue coordinator at the U.S. Coast Guard Rescue Coordination Center in New Orleans, La.

Byrd said three aircraft from Mobile, Ala., and New Orleans are searching the area in addition to two Coast Guard cutters, the 'Point Spencer' from New Orleans and the 'Point Estero' out of Gulfport.

Boudin said in addition to the Coast Guard rescue vehicles, several private airplanes are joining in the search.

The Civil Defense director said the search will continue until the couple is found.

Byrd said rescue attempts by the Coast Guard will continue "until we find them or conclude they are not in the area."

United Way 20% short of 79 goal

By ELLIS CUEVAS

The 1979 campaign for the United Way of Hancock County is \$7,000 short of its \$35,000 goal, according to Mike Benvenuti, campaign chairman.

"We have had a lot of help in our campaign this year, and we appreciate each and everyone doing a fair share," stated Benvenuti Tuesday at the regular meeting of the organization.

Benvenuti added, "We try to wrap up the campaign by the end of October, and hope those who haven't contributed as yet will do so soon."

The United Way of Hancock County supports agencies such as Senior Citizen programs, Retired Senior Volunteer Programs, Hancock County Emergency Relief, American Red

Cross - Hancock County Chapter, Gulf Coast Mental Health Center, Catholic Social Services, Girls Scouts - Gulf Pines Council, Boy Scouts - Cypress District, Hancock County Blood Bank, Goodwill Industries, Firemen's Doll and Toy Fund and U.S.O. Officials eye sunken obstacle

By RICH ADAMS

Officials are trying to determine what obstruction in the water near the Garfield Ladner Pier in Waveland slashed three tires Sunday on a Mississippi National Guard vehicle while it maneuvered offshore just northeast of the pier.

Hancock County Civil Defense Director Robert Boudin said Wednesday he does not know what the submerged object could be which slashed the tires of the LARC V while running through the waters, but added, "There is something out in the water that is big."

The Sunday incident occurred as the National Guard was conducting routine maneuvers in the Waveland waters.

Bay St. Louis National Guard Recruiting Sergeant Robert Gavagnie said two wrecker units and spare tires had to be brought to the site from the headquarters in Ocean Springs.

Boudin said Wednesday he plans to look into the incident, but was working on a search and rescue operation in Lakeshore and could not take immediate action.

Crowd expected tonight at Council, zoning meet

By ELLIS CUEVAS

The Bay St. Louis Council will discuss several items brought up Tuesday night in further detail tonight when they conduct a joint meeting with the Zoning and Planning Commission.

The special meeting tonight scheduled at 7:30 p.m. in the Council's chambers will be to discuss a new zoning map for the City of Bay St. Louis.

Several businessmen, individuals and groups have indicated they are attending this meeting since it appears several sections of Bay St. Louis have changed in zoning status.

It was emphasized at the Council meeting that the new zoning map is only a starting point.

One area talked about at the Tuesday night meeting was the railroad station section which was zoned I-2 under the old map.

Zoning and Planning member Joe Marochino, at the Council's meeting when the minutes of the recommending body were read, commented that the I-2 zoning was the most loose and "allows anything" to be constructed.

"The Zoning and Planning Commission recommends changing I-2 to I-1 which would be light industrial.

Under the current status, they could construct a rock crushing plant, asphalt plant, cement plant, etc. and nothing could be done about it. The Zoning and Planning Commission members are looking about for the businesses and residents of the area," stated Marochino.

Council also decided to bring up the possibility of the reduction of the speed limit on U.S.-90 at the special meeting.

Joseph Gex, council attorney, was asked to check into the request by a resident of Sunset Drive about the possibility of 'speed bumps' being installed on that street because of reported excessive speeding.

Gex is to see if it would be legal to

construct the bumps and report at the joint meeting.

The Zoning and Planning Commission makes recommendations which must be approved by the Council before action can be taken.

In superintendent contest

Judge rules Sills winner

By RICH ADAMS

A four-man special tribunal and Forrest County Circuit Court Judge Jack Weldy Monday rejected a petition filed in circuit court by Hancock County Superintendent Terry Randolph calling for a new election in the West Shoreline Park area due to alleged illegal voting.

Following some 2.5 hours of discussion in the judge's chamber, Weldy announced Randolph's petition for a new election was rejected unanimously because the allegations in his complaint cannot be proven.

Randolph's attorney, Ben Galloway of Gulfport, asked the judge for seven days in which to perfect an appeal to the State Supreme Court.

Randolph was defeated in a bid for re-

nomination as the Democratic choice for the superintendent slot during the Aug. 28 primary, losing a close race to North Bay Elementary Principal Billy D. Sills.

In a recount demanded by Randolph, Sills gained extra votes as ballots were discounted due to improper procedures used in casting the vote by voters.

Sills ended up winner of the nomination by 15 votes.

Randolph requested a hearing before the Hancock County Democratic Executive Committee in September, claiming 41 votes cast in the West Shoreline Park box were illegally cast by voters living in the Bay St. Louis Municipal Separate School District.

The committee deemed the votes legal and reinforced Sills' nomination. Randolph then filed the petition in circuit court, which alleges the burden of proving the legality of the votes falls on Sills and his representatives, Gulfport Attorney Richard Dymond, Eugene Lawley, and Bay St. Louis Attorney Anne Williamson.

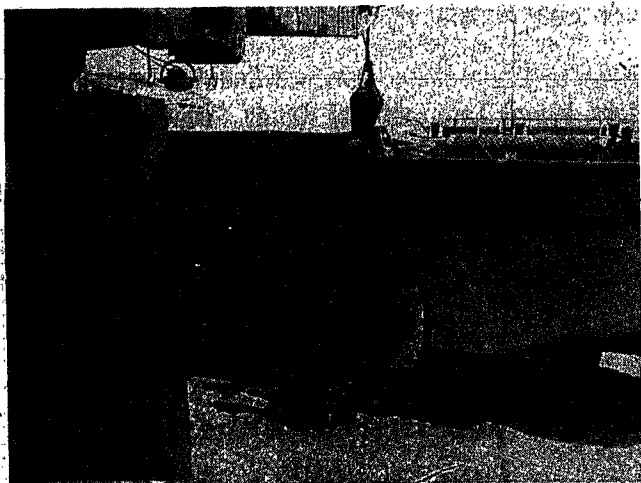

"After a full discussion, a unanimous decision was arrived upon by a motion to dismiss the petition. The motion is sustained," Judge Weldy said at approximately 2:40 p.m. Monday in the Youth Court Hearing Room.

"The proof here shows that 41 voters in the Municipal Separate School District voted in the West Shoreline

BAY GARDEN OF THE MONTH-The home of Mr. and Mrs. Gerald E. Williams, 604 Sunset Dr., Bay St. Louis, was recently selected by the Bay-Waveland Garden Club as the Garden of the Month. (Staff photo-Rich Adams)

Pass Garden Club receives three district citations

BY MARYON SPILLMAN
Club publicist

The Pass Christian Garden Club met at the Pass Christian Isles Golf Club Oct. 4, opening with a president's welcome to members, followed by invocation by Chaplain Mrs. Theo T. Moore.

President Mrs. Rosamond Wallace reported on a District Garden Club meeting she and Mrs. Robert Campbell had attended.

She said three awards were won by the Pass Christian Garden Club: one was for accomplishing outstanding litter control, the second for securing passage of an ordinance prohibiting the cutting down of the community's oak trees, and the third for outstanding participation in state and national projects.

Included among regular committee reports was an outline of the potential awards possible for the club by Mrs. Robert Campbell, awards chairman. They range from strictly local projects to state and national activities, all within this year's club theme for making the world more beautiful.

Horticulture Committee Chairman Mrs. Howard Haines urged the members

who wanted vegetable gardens next year to pinch back tomato and pepper biennials and bury the shoots for early spring starts.

She stated that Rose of Montano and zinnias planted among her tomatoes have attracted so many bees that she has had neither ants nor plant lice on her tomatoes.

The bees apparently keep the birds from pirating a share, and she added that the bees seemed so happy between the ample activity that they have never bothered to sting anyone.

Wild Flower Garden Chairman Mrs. Drury Dragon reported that Hurricane Frederic had not damaged the Garden as much as she had feared. She advised she had contacted Billy McDonald and he promised help with the labor necessary to clean up along Menge Ave.

Mrs. John Audley presented an extremely interesting review of Dr. Jerry Baker's book, "Plant Are Like People."

The book opens with lawn care and its importance in the appearance of one's home, and, after outlining all the chores one must perform to achieve a fine lawn, he sums it up by saying it takes pride,

persistence, and patience in large quantities.

Dr. Baker noted a blade of grass, in making its way above ground, exerts the equivalent of 4,600 pounds per square inch thrust.

Instructions as to best time to water a lawn being the first thing in the morning are helpful.

Dr. Baker stressed the importance of keeping plants clean by washing them with a spray composed of one ounce of Palmolive soap to ten gallons of water (though he did say tap water was not very acceptable to plants - they prefer rain water or ice cubes melted).

It is quite obvious from Mrs. Audley's review that "Plants Are Like People" is a must for any serious gardener to read.

Refreshments were served, prepared by hostesses of the day, Mrs. Roland Martin and Mrs. Donald Rogers, co-chairman, with co-hostesses Mrs. James McQueen, Miss Adele Bielenberg, Mrs. W.A. Kuhn, and Mrs. William Robinson.

Something worth looking into!

The Bay St. Louis Zoning and Planning Commission recommended a reduction of the speed limit within the City limits to 40 mph on US-90.

The recommendation by the Commission we feel is a very good one since we did some checking into the number of accidents on US-90 within Bay St. Louis this year.

Bay St. Louis Police Chief Douglas Williams reports a total of 49 accidents in 1978, yes 49, and when the shocker came, as of the 10th of October, a total of 66 accidents on US-90 within the limits of Bay St. Louis so far this year.

Now one thing we must realize, there may have even been more, possibly covered by either the Hancock County Sheriff's office or the Mississippi Highway Patrol.

If you have any doubts about the number of accidents Chief Williams reports, he has the records on file at his office.

The most accident-prone spot for 1979, of course, is the intersection at the Bridge with a total of 13 followed closely with 12 at DeMontiluzin, 11 at Dunbar and 10 at Main (Blue Meadow).

We had one insurance agent tell us his company has paid for two vehicles at the Bay Bridge and US-90 in recent months.

A total of 66 accidents on the highway in a little over 10 months are far too many, we feel something should be done to relieve that dangerous situation.

Probably a good start would be a reduction in the speed limit within the city limits of Bay St. Louis.

Right off, some will say it will cut down on our tourist business. Well, we do not think the people who are wanting to fly through our town are going to stop anyway.

If they want to go faster they can always use Interstate 10, because they do the community no good in just passing through in a hurry.

The Bay St. Louis Zoning and Planning Commission, we contend, should be commended for making their recommendation.

We know of recent discussions at the Bay City Council about the speed limit on the Highway, maybe now that we have some facts and figures to back up the need for action, it will be done.

Bits 'n pieces

Folks, many of us fail to recognize the fine job our police departments do.

What really got us to thinking about this was Friday night as we left the football game, the Bay Police were doing their thing in directing the traffic.

We wonder just how long it would take us to get away from the football stadiums if it wouldn't be for the police, and also how many fender benders and the accompanying hot tempers there would be?

The games in Bay St. Louis normally have fine police traffic control from the Bay Department. The games at Hawk Stadium normally have fine police direction by the Hancock County Sheriff's Department.

We are enjoying ourselves, while the police are working, think about it sometime.

Isn't it amazing how everyone is talking about the beautiful weather we have had in recent weeks.

We guess everyone knows that old man winter will be setting in soon, and will be changing the picture.

There is a tendency for us all to appreciate the Fall more than any other season.

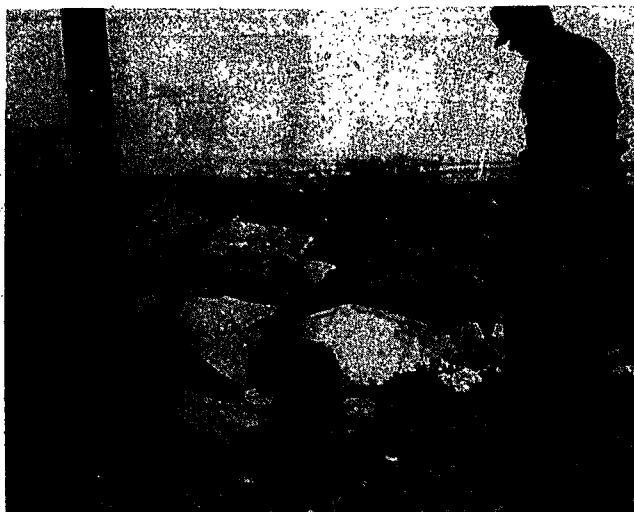

Drug stores in the area should have a boom in sales for relief of sore muscles with start of the Bay-Waveland Church Volly-ball League tonight.

We are happy to see such a league formed, it will give some of the 'older' men of the Community something to do, with some much needed exercise.

There will probably be a lot of us trying to make fools out of ourselves, so ladies this may be your chance to get in a few laughs.

The games are scheduled for Thursday nights starting at 6:30 p.m. at Sy Rosenthal Gym, St. Augustine Seminary, Bay St. Louis.

In less than one week the youth of the Community will be again collecting for UNICEF. We hope you will be generous with your contributions when they call on you. The youth will be making their rounds on Halloween night.

NEW CITY DUMP?—Bay St. Louis Assistant Chief of Police Frank Hess checks out trash and garbage which rests on Beach Boulevard at Washington in Bay St. Louis. Efforts by the City to keep people from illegally dumping have resulted in issuance of several tickets by the Bay Police, yet there seems to be a tendency to continue. We are unable still to understand why folks do not take advantage of the twice a week garbage collection within the City limits of Bay St. Louis instead of dumping their garbage along side the roads. The time is now for us all to be conscious of the fact that residents of Bay St. Louis, as well as Waveland and the County should try and make ours a cleaner place to live. Pig pens are for pigs, not people but it seems folks want to make our Communities pig pens.

Washington report

DON'T LET AGRICULTURE RUN OUT OF GAS
By CONGRESSMAN TRENT LOTT

I watch with interest the other day as the television camera focused on a "newly-discovered" energy source — American agriculture. The story on a national television network was about the process of converting farm wastes to fuel to power farm machinery.

To Mississippians, of course, agriculture has long been one of the best hopes of restoring our confidence to solve energy problems. I am hopeful that some new research and development programs which were included in a pending energy measure will be beneficial.

The picture has been clouded by the lack of a well-thought-out program to develop all available energy resources. The government should have turned to farmers for answers long ago, but it was too busy writing worthless rules and regulations.

Now, we're in the position of not only trying to produce more energy for all Americans, but also making sure agriculture doesn't run out of gas.

Farmers must have the fuel they need to continue to grow, process and market the food, fiber and forest products that are basic to human life.

Last June, in the height of the energy crisis, the administration eliminated the priority for farmers to get diesel

fuel. Under pressure from truckers, who needed fuel themselves, and from consumers, who complained of long lines at the gas pump, the farm priority was ended.

But the fact of the matter is that any allocation system failing to give farmers a priority is doomed, and I hope we've learned from last summer's experience.

Agriculture's contributions to solving the energy problem simply cannot be ignored any longer. Gasohol is a start in the right direction, but we're just beginning to scratch the surface in the development of other fuels from farm products.

The bureaucrats have dragged their feet on research projects in gasohol from grains, wood residues, manures and other farm products represents a renewable energy resource which must be fully explored.

Since U.S. farm exports mean so much to our foreign trade, we must make sure that American agriculture continues to produce food both for domestic and overseas consumption.

One thing became clear last summer: You can't fight rising food costs with less fuel for farmers who produce the food.

The policy-makers in Washington can learn from the people who till the soil for a living. It's not so much that America's fuel tanks are empty, but that the government's think tanks are drained.

Clean air prices skyrocket, state Sierra Club reports

As things stand, the Clean Air Act revisions of 1977 require clean air standards for all stationary sources of air pollution in the nation by 1982, and moving sources of air pollution by no later than 1987.

And yet even before the end of 1979 it appears that powerful forces are putting any chance of reaching clean air standards in the 1980's in jeopardy. Up against health and the preservation of property destroyed by air pollution is the cost of keeping the air clean.

The costs are easily measurable. The automobile companies complain that meeting emission control standards in the 1980's will raise the price of cars. At a time when we need energy we have the choice of burning more coal and polluting the air more or not burning the coal and paying higher energy costs.

Generally, as with the automobile industry, private industry must pass the cost of its pollution control devices on to the customer.

Further, as taxpayers, we all pay for the federal government's participation in air pollution control. The federal government spends approximately \$80 per person on air pollution control.

The total costs of dirty air are not so easily measurable in economic terms. It is estimated, however, that 175 million a year expense is incurred from the loss of livestock due to air pollution. \$25 million a year is the farmers' loss in reduced or destroyed crops due to air pollution. And of course, the cattlemen and farmers pass their losses onto the customer too.

Then there are the increased costs of maintenance, higher cleaning costs, costlier equipment due to air pollution's corroding effects, and lowered real estate values because no one really wants to live where the air is polluted.

There is the destruction of scenic views resulting from air pollution, and the traffic accidents caused by air pollution.

Finally, the health costs. Not only the

absenteeism from work, or the higher medical costs.

Not only the bronchitis and emphysema or the lung cancer or heart attacks that shorten life. But there is the day to day dizziness, headaches, blurred vision, slowed-down responses, fatigue, eczema in children, eye irritation, sore throat and even effected emotional states these costs are hard to measure.

It is said that air pollution costs each American family \$240.00 a year. But when someone you love dies of lung cancer or a heart attack brought on by poor air, how do you measure that in terms of dollars and cents?

The Mississippi Chapter of the Sierra Club believes that clean air doesn't have to be a luxury we cannot afford. The Sierra Club believes there are ways of cleaning the air without over-burdening the economy.

In the coming battle over whether clean air is worth having, where do you stand? If you want clean air, the Sierra Club would like to hear from you.

Defends Waveland principal in lice question

Editor
The Sea Coast Echo

Dear Sir:

Concerning the picketing at Waveland Elementary School, it seems some people are blaming our principal for the head lice in our school.

I'm sure he didn't bag them up and carry them to school.

It made me angry to see our mothers advertising the fact that we had lice in our school.

In my opinion, Mr. Baldree (Waveland

Elementary principal James Baldree) was hoping to get the situation under control before having to alarm the whole town.

I have two children in Waveland Elementary School, and they have never been sent home for any reason.

It's a well known fact that lice will not stay on a clean head.

So let's all get together and concentrate on keeping our children's heads clean.

Sincerely,
Pearl Teabout

Dear Sir:

The Bay-Waveland Humane Society, Inc. is pleased to announce Phase V of the Spay-Neuter Program.

In reality, this is a first, in as much as the financing is concerned, as the Hancock County Board of Supervisors, Bay St. Louis, Waveland and the Society are funding it.

The Society is justifiably proud of this community venture and we are certain that the constituents of the three entities involved are deeply grateful for the county and cities' participation.

The Society wishes to take this opportunity to thank its kind benefactors

who were so generous in donating to our semi-annual rummage sale.

Also, to our many eager customers. We appreciate your enthusiastic response. It made our sale an overwhelming success, the best ever, and enabled us to participate in Phase V of this program.

As always, the Sea Coast Echo was wonderful to us with advance publicity. We could not function without their cooperation.

Our ad in another section of this paper will give particulars to those who wish to take advantage of our offer.

Please do yourselves, your fellowmen and your animals a favor and call us.

Prisoners claim Echo picture presents false image of jail food

Editor: Sea Coast Echo:

Dear Sir:

In regards to the story in your paper about Mrs. Page serving the inmates meals, the only thing she has done is bluff the citizens of Hancock County.

If one will take notice of the picture on the front page they will see Mrs. Page holding a bucket of Danny's Fried Chicken.

She has never since I've been here served anything as good as that. I have been an inmate at the jail now for 15 months.

I'm sure most of, if not all of the others here will agree with me when I say her meals stink.

I could never find words to describe them. This is only half of it, though.

Mrs. Page stated Sheriff Ladner threw her out because of her husband which isn't true.

Everyone in this jail heard her say she was quitting when Mr. Page did.

J.W. Page has quit at least three times since I've been here. The Sheriff was always nice and let him come back.

What has happened, Mr. Ladner got tired of putting up with childish acts and Mr. and Mrs. Page are mad because they can't have their way anymore.

What I've said here is not even half of it. Half of the time she forgot half of the meals.

I would like very much if you would print this in your paper so at least everybody would know half of the truth about these people.

Garrett A. Ford
Hancock County Jail Inmate

what we were doing and have privileges taken away from us, for no reason at all.

Just so he could make things harder for us.

We know we broke the law and now we have to pay for our crime, but J.W. Page acted like the Devil himself, and made us think we were in hell.

Since I've been here, J.W. Page quit once because the Sheriff told him to let us make phone calls. The Sheriff would come up and tell J.W. Page to let us make phone calls and as soon as the Sheriff leaves he just went in the office and sat around.

Then tells the Sheriff that we got our phone calls or that we did something wrong and the Sheriff was too busy with other things to talk to us.

Now the Sheriff has finally found out what kind of man he was.

He did something about it and we the inmates of Hancock County jail really appreciate that.

We are not asking to live in a hotel, but we are human beings.

Mr. and Mrs. J.W. Page hated the inmates in Hancock County jail.

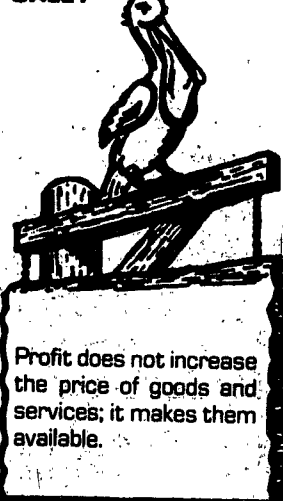

If our family or other inmates family would bring a T.V. or radio, and heard the sheriff say that we could have them, J.W. Page wouldn't give it to us.

He would say the Sheriff didn't tell him and say he would ask but never would just for meanness.

Just plain hate. We hope hat that man never comes back here.

St. Monica Guild sets rummage sale

BY JOE PILET
Guild Publicist

Assembling Monday in the home of Mrs. A.M. Dantzer at 701 East Beach in Pass Christian, members of St. Monica Guild of Trinity Church heard a report given by Mrs. John Frith entitled "Communication Is The Key."

Recently Mrs. Frith as a passenger on the Royal Viking and en route to Honningsvaag, Norway attended classes conducted by Dr. Norman Sigband who is associate dean and professor of management communications in the Graduate School of Business at the University of Southern California.

Sharing notes taken, Mrs. Frith said: "We live in a world that acts and reacts on the basis of communication."

Mrs. Frith's message gave hints on how to interpret communications and suggested "Listen when you hear" in order to interpret a conversation between

husband and wife, parent and child or employee and worker.

Chairman of the Nominating Committee, Mrs. Marvin Mingledorff, presented a slate of officers who were unanimously elected to serve beginning with the January 1980 term. They include: Mrs. John Frith, president; Mrs. Randolph Buck, vice president; Mrs. Nunez (Joe) Pilet, corresponding secretary.

Mrs. Fred Kohl who serves as over-all chairman for the group's annual rummage sale announced the fund raising project would be Nov. 2 and 3 in the Trinity Parish House.

Proceeds from the sale will be used for church-related charity and articles not sold will be given to the Salvation Army.

Mrs. Kohl said articles of clothing, household linens, furniture, supplies and "white elephants" would all be priced very modestly to assist the community to fight inflation.

To add interest to this year's rummage sale door prizes will

be given every hour. Mrs. Harrington Hilzlm is in charge of prize distributions. All ladies of the organization will become "sales persons" during the event will wear name tags for easy identification by customers.

Mrs. John G. McCloskey was named over-all sales chairman. Cashiers and their assistants will include Mmes. Stanford Morse, Herman de Vries, Ducros Stouse and A.M. Dantzer.

Mrs. Theo T. Moore was named chairman of the committee to inspect and mark prices on all articles for sale.

Display tables and clothing racks are planned for men's

women's and children's wearing apparel, household items, linens, potted plants, bric-a-brac, dishes and glass ware.

Posters will be supplied by Mrs. John E. Murphy.

During a social hour following the business meeting, the group gathered in the reception rooms where punch was ladled by Mrs. Stouse assisted by co-hostesses Mmes. P.S. Pugh and Frederick Kohl, who served a delectable array of tea sandwiches and pastries.

An autumn arrangement of cones and berries centered the refreshment table. Guests included Mrs. Loraine Moore and Mrs. Lee Dewees.

Hancock Library tells new books

BY SHERRY
SCHMABACKER
Library Staff

The following books are available for your reading pleasure from any of the libraries in the Hancock County Library System:

ENEMIES by Richard Harris. **ENEMIES** covers five days and five nights in the life of John Flood - days and nights of bewilderment, terror, love, rage, guilt, and flight from enemies, known and unknown. As he tries to reach the President - the only man who can save Flood and America - he is pursued on every side by enemies who must stop him from telling what he has discovered.

STORM WATCH by Stephen Longstreet. Set against the titanic struggle of man against the sea - and man against the corruption of an international oil cartel - **STORM WATCH** is the thrilling story of a

supertanker caught in a ship-killing monsoon. More than an authentic picture of life aboard ship, this is a classic sea drama echoing the best of Melville and Conrad.

BORN WITH THE CENTURY by William Kinsolving. In a powerful novel spanning seven decades, Kinsolving traces the life of Magnus Macpherson from a penniless Scottish childhood to the realization of the American Dream. Magnus Macpherson is to whiskey what Andrew Carnegie was to steel. **BORN WITH THE CENTURY** is a fascinating portrait of a man, an industry, and a period in our country's history.

A WOMAN OF THE FUTURE by Davis Ireland. In **A WOMAN OF THE FUTURE**, Davis Ireland has written one of the most striking novels of our time - and one that is disquietingly familiar in its implications. **THE SPRING OF THE TIGER** by Victoria Holt.

ARMY RECOGNITION—First Lieutenant Virgil J. Rutledge, left, commanding officer of Detachment 1, 135th Transportation Company, Bay St. Louis, received his federal recognition on Oct. 13. BOOK REVIEW

'CRUISING': A PSYCHOLOGICAL THRILLER

By: GERALD WALKER
"Cruising," a psychological thriller about the manhunt for the perpetrator of several random murders of New York City gays, will be published in paperback by Bantam Books in January.

The novel by Gerald Walker will be on sale some six weeks in advance of the scheduled release of the Lorimar motion picture "Cruising" starring Al Pacino.

The screenplay, inspired by Walker's novel, was written by William Friedkin who is also the director. The film received national publicity this summer when members

of the gay community picketed many of the New York location sites.

First published in 1970 in hardcover by Stein & Day, "Cruising" was highly acclaimed by the critics.

"Publishers Weekly" called it "one hell of a realistic thriller." Alfred Kazin praised it as a "deeply imagined piece of contemporary horror" and Gore Vidal hailed it as "a brilliant and sadly unforgettable study of one of America's most persistent sexual nightmares."

Despite strong reviews the novel was not commercially successful and has been out of print and generally unavailable to readers for the past five years.

MSU honors Miss America in campus festivities Sat.

Friends and fans of Cheryl Prewitt, the 1979 Miss America, will welcome her back to Starkville Saturday during the weekend of festivities in the community

and on the Mississippi State University campus.

Miss Prewitt's visit will coincide with High School-Junior College Day activities at Mississippi State.

Persons who cheered Cheryl from Miss Starkville to Miss Mississippi, all the way to Miss America, will greet her in an old-fashioned welcome befitting only heroes and

celebrities.

Activities will begin at 12:30 p.m. on the Oktibbeha County Court House Square.

Miss Prewitt will be escorted to the MSU stadium as a special guest for the MSU vs. Marshall football game. Prior to the 1:30 p.m. game, she will greet old friends and former classmates from a convertible which will be driven around the field.

She will be introduced to the crowd as Miss America 1979, and will be presented a gift from the MSU Alumni Association.

Miss America will sing the National Anthem, and will observe the game from the press box.

A "Miss America Party" will be held in the MSU Extension Building Conference Center from 5-6:30 p.m.

Food will be served, and music will be provided by the MSU Stage Band and the Madrigal Singers.

Tickets, at \$3, can be purchased at the Union Information Desk, or from the Starkville Chamber of Commerce, 322 University Drive, Starkville, 39759.

Ingalls' president promoted

Len Erb, president of Litton Industries' Ingalls Shipbuilding division, in Pascagoula, has been promoted to senior vice-president of the Corporation, it was announced today by Litton Board Chairman Charles B. Thornton.

Erb, who joined Litton in 1964 after a distinguished Navy career in which he commanded submarines and a destroyer, has been a vice-president of Litton since May, 1975 when he became president of the Ingalls division located in Pascagoula, Mississippi.

As a senior vice-president of Litton, Erb will continue to direct the operations of the corporation's Marine Group which, in addition to ship design, production and overhaul, provides

engineering and manufacturing services for the offshore oil industry and is engaged in exploratory work

in barge-mounted conversion systems for energy production.

Ingalls, through its Industrial Products division, is also involved in the manufacture of railcars and other industrial products.

A 1942 graduate of the U.S. Naval Academy, Erb holds a Master's Degree in electrical engineering from Massachusetts Institute of Technology.

A retired Navy Captain, Erb joined Litton's Guidance and Control Systems division in

LEN ERB in barge-mounted conversion systems for energy production.

Music contest deadline Friday

Original music compositions will be accepted through Friday in a songwriting contest sponsored in conjunction with the first Ocean Springs Fall Arts Festival.

The entry selected as the most outstanding by a group of professional judges will be highlighted throughout the fine arts festival Nov. 1-4.

amateurs and professionals are eligible.

Songs may focus on any aspect of life in Ocean Springs, its history or future.

All submitted materials should be brought by the Chamber of Commerce Office near the intersection of U.S. 90 and Washington Avenue or mailed to Contest Chairman Ellis Branch, P.O. Box 187, Ocean Springs, MS 39564.

"This is the first attempt to touch on all the arts and to promote Ocean Springs as the cultural center of South Mississippi," Chamber Executive Vice-President Betty Goodwin said of the upcoming festival which is being co-ordinated and sponsored by the Chamber.

The four-day festival will include two theatre productions—"She Stoops to Conquer" by the Coast Classics Theatre and "The Belle of Amherst" by the Walter Anderson Players and featuring Mary Stebley Anderson.

Other attractions will include a country and western music variety show, talent show, art and puppet shows for children and an area-wide Choir sing.

Craftsmen from throughout Mississippi and nearby states are also expected to exhibit their wares in a two-day arts and crafts show planned in conjunction with the festival.

A message from Gil

Farmers all' over Mississippi are harvesting. The crops look good and that's good for Mississippi.

I planted some political seed early this summer and that crop is now reaching first bloom.

William Winter's latest poll shows he's falling fast...down 9 points. My October 6 poll shows us neck and neck—but, more importantly, the momentum is on our side now.

Mr. Winter picked over his crop in August. He's down to scrapping now. I expect mine to top out the first week in November.

Those early seeds I sowed all over Mississippi are yielding a feeling that we really can do a lot better than four more years of politics as usual.

We can make some common sense changes in the way this state is run—with some businesslike leadership.

This time...

CITIZENS OF HANCOCK COUNTY

I am grateful to have been able to serve YOU for the past 4 years in the Mississippi Legislature. I deeply appreciate the support I have received during my term of office.

I am very honored to have received the DEMOCRATIC nomination for re-election to this high office.

By hard work and cooperation with others I have learned the Legislative Process.

Please allow me to serve you for another term in Jackson.

ELECT CLEVELAND WYATT SUPERVISOR DISTRICT 4

Hancock County

Because of the short time before the November General Election I may not have an opportunity to see everyone individually. However, your vote and support is sincerely solicited. As your District 4 Supervisor I will earnestly strive to bring good government to our county. Your Board of Supervisors is an important position that requires good leadership and representation. I personally feel that I can represent all of the people in our district in a fair and professional manner. I was responsible for Spear-heading the Kiln Fire and Water District that resulted in Farmer's Home Administration's approval of a \$510,000 loan and grant for the purpose of developing a water system and the purchase of a new fire truck for the Kiln area. Eventually, this action will help reduce our insurance rates in the Kiln area. Our county is growing to the extent that we must have someone to represent us in order that our tax dollars are used wisely and to the benefit of the people.

Remember me
CLEVELAND WYATT,

the man who will produce, when
you select a board of supervisor
for District 4 on November 6.

JACK NEEDS A HOME—This three-year-old Afghan named Jack has lost his home. Jack's master was transferred out of this area and was unable to take Jack along. This elegant canine has had all shots and is free of heartworms. He is well trained and described as a 'nice' dog. Jack should have space in which to run, rather than a cramped environment. Also available through the Bay-Waveland Humane Society this week are a young mixed beagle and dachshund; two puppies; and a kitten, free to good homes. For information, call 467-9494. County Agent's Notes

by John Smith

INCOME TAX CASUALTY LOSS

Hurricane Frederic was the third disaster to hit Mississippi during 1979, destroying property valued at million of dollars. First it was the freeze across north Mississippi, then the floods and more recently the hurricane.

Damage done to personal property or income-producing property during these disasters may qualify for casualty loss on income tax returns.

A casualty loss on property used solely for personal purposes is deductible only to the extent that the loss exceeds \$100 limitation.

Much damage was done in these disasters to personal property such as dwellings, mobile homes, automobiles, household furniture, landscape plants and shrubs, and many other items.

Much damage was also done to business property such as timber, orchards, equipment, buildings, etc.

The amount of your casualty loss deduction is generally the lesser of: (1) the decrease in the fair market value of the property as a result of the casualty or (2) your adjusted basis in the property. This amount must also be reduced by any insurance or other recovery made of the damaged property.

You must be able to prove that you actually sustained a casualty loss and also the amount of the loss that is deductible. You should be prepared to show (1) the nature of the casualty and when it occurred, (2) the loss was the direct result of the casualty, (3) you were the owner of the property, (4) the cost or other basis of the property, (5) depreciation allowed or allowable, if any, (6) value before and after the casualty, and (7) the amount of insurance or other compensation received or recovered, including the value of repairs, restoration, and

clean-up provided without cost by disaster relief agencies or others.

Photographs of your property before it was damaged will be helpful in showing the condition and value of the property prior to the casualty. Photographs taken after the casualty will be helpful in establishing the condition and value of the property after it was damaged.

This should be done as soon as possible after the loss.

Also, photographs showing the condition of the property after it was repaired, restored or replaced may be helpful.

In the area in which damage was done and later declared as a disaster area by the President of the United States, you may report the casualty

loss on your tax return for the preceding year or the current year. Therefore, since this damage was done in 1979, individuals may file an amended return and claim this loss on their 1978 tax returns — that is, if the President of the United States declares their area a Disaster Area. Individuals have the choice of claiming it on their 1978 tax returns or waiting and claiming it on their 1979 tax returns.

Publication No. 17, Your Federal Income Tax, 1979 Edition, provides good information on casualty losses. Also, individuals may call the Internal Revenue Service on the toll-free telephone number for any questions they may have. This toll-free number is 1-800-241-3868.

Junior Auxiliary event slated in Brookhaven

The 14th annual Antique Show-Sale and Country Store, sponsored by Brookhaven Junior Auxiliary will be at the National Guard Armory on Highway 51 North in Brookhaven Oct. 26 - 28, 10 a.m. to 6 p.m. Friday and Saturday, and noon to 5 p.m. Sunday.

Ten outstanding antique dealers from four southern states will offer their finest furniture, glass, silver, china, brass, and jewelry.

The Auxiliary also takes pride in the addition of the antique clock display of R.M. "Red" Stuard to this year's show.

In addition to the finest in antiques, you will find the best in homemade cooking and handcrafted items available for sale in the Country Kitchen and Country Store.

Price of admission is \$1.50 in advance and \$2 at the door. Ticket information may be obtained from Mrs. John Behan, 1119 Kraner Lane, Brookhaven, 39601.

All proceeds from the An-

tique Show will be used to finance the Auxiliary's many service projects, primarily for underprivileged and "special" children and adults in the Brookhaven area.

LD-SPECIALIST

Mary MacCracken, learning disability specialist and author, will present a workshop at the Fine Arts Auditorium on the Jefferson Davis Campus Thursday October 18, at 3:30 p.m.

Mrs. MacCracken is best known as author of "A Circle of Children" and "Lovely, a Very Special Child," both of which inspired 90-minute TV specials on CBS. Teachers and members of the Mental Health Association will be admitted free of charge. For all others attending there will be a \$2 fee.

MSU's CB Radio Club to give visitor assists

MSU to all CBers coming to campus for Oct. 26-28 Homecoming activities:

Be advised that the student Citizens' Band Radio Club at Mississippi State University will be monitoring Channel 19 and Emergency Channel 9 from 3 p.m. Friday until 3 p.m. Sunday to provide information and assistance to campus visitors.

The students will operate from the MSU Security Office in the basement of Lee Hall, relaying traffic conditions and directions, as well as locations and times of the many events planned that weekend, over the airwaves.

Club president Larry Russell of Brookhaven said this marks the second consecutive year the club, which

was formed in 1978, has offered its assistance to the security office.

"We had a great response last year," Russell said, "and we are again encouraging all persons with CB radios in their vehicles to contact us for assistance at any time during this 48-hour period."

Depending on weather conditions, he said the broadcasts could be picked up within a 5-10 mile radius of campus.

Russell stressed that, under Federal Communication Commission rules, only general information on Homecoming or emergency information can be relayed by club members.

"We definitely will not be able to announce the sale or availability of football tickets or other items of a purely commercial nature over the air," he said.

Teacher's union slates workshops

The Mississippi American Federation of Teachers will host several non-credit, self-help workshops through its Teacher Center services during the month of October.

The workshop includes: October 20 - Alcohol-Drug Abuse Discussion will focus on the needs of students who may be effected by the alcohol or drug abuse problem in the family;

October 27-Learning Centers for Your Classroom will help teachers design and implement techniques using learning centers.

Each workshop will be held on Saturday from 10 a.m. to 12 p.m. in the Mississippi AFT State Office at 3501 Hewes Avenue in Gulfport.

The workshops and Center facilities are opened free of charge to all AFT members. Others may attend for a fee.

The MAFT Teacher Center, which opened in September of this year, provides a research and loan service for members. Materials are also available for teachers to use in their classrooms with students.

The Center is opened every Saturday from 9 a.m. to 1 p.m.

Teachers who expect to participate in any of the workshops should call the Center since the sessions are opened to a limited number.

Several other workshop sessions will be offered throughout the school year. For more information, call 868-1397.

Necaise, Keenan to marry Friday

Mrs. Doris Necaise of Necaise Crossing announces the approaching marriage of her daughter, Carla Marie, to Micael Ramsey Keenan, son of Mr. and Mrs. C.T. Keenan of Long Beach.

Miss Necaise is the daughter of the late Nathan Necaise.

The bride-elect is a graduate of Hancock North Central where she received two years of vocational drafting training. She is currently a draftsman for Dollar Construction Co., Inc.

Her maternal grandparents are the late Mr. and Mrs. Joseph Ladner of Necaise Crossing, and paternal grandparents are Mrs. Adrine Cuevas of White Cypress and the late Cloza Necaise.

The prospective groom is a

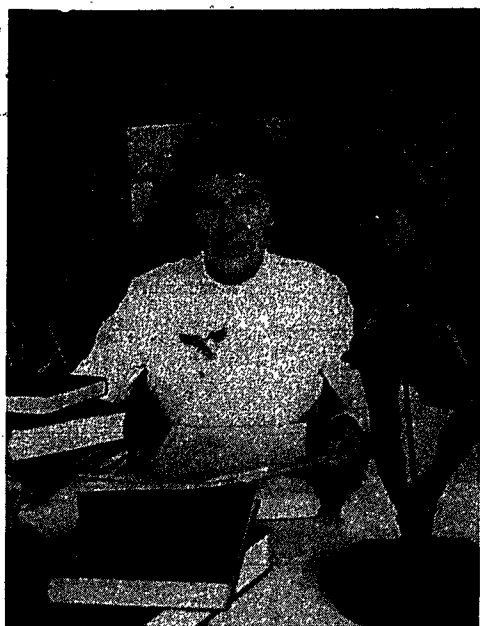

graduate of Long Beach High School. He graduated from Mississippi Gulf Coast Junior College and is presently attending the University of Southern Mississippi at Gulf Park. He is employed with Consolidate Aluminum in Gulfport.

His maternal grandparents are Mr. and Mrs. A.P. Ramsey of Orange Grove.

Paternal grandparents are Mrs. A.L. Keenan Sr. of Gulfport and the late A.L. Keenan Sr.

The marriage will be solemnized at Infant of Prague Catholic Church in Necaise Crossing Friday, at 7:30 p.m.

Friends and relatives are invited to the ceremony and reception to follow in Marian Hall in the church complex.

RUTH BEEBE HILL

Author Ruth Hill booked for Diamondhead luncheon

By EDGAR PEREZ
Ruth Beebe Hill, author of the best-selling 'Hanta-Yo,' will make her first Southern appearance on a current promotional at a Diamondhead Country Club luncheon Thursday, Oct. 25.

Winner of the Golden Plate Award for the work, Ms. Hill will review and autograph her book at the noon event here. 'Hanta-Yo' is a multi-generational saga of the American Plains Indian from 1750 to 1835.

'Roots' producer David Welper is currently producing

a 'Hanta-Yo' movie for Warner Bros., and a television mini-series based on Ms. Hill's work is also planned.

Ms. Hill has appeared on 'Good Morning America,' 'Merv Griffin,' and the 'Today Show' in connection with the book.

She will be accompanied at Diamondhead by Chunksa Yuha, full-blooded, bilingual Sioux who helped translate Ms. Hill's writings into Indian dialect.

Yuha holds a master's degree in music, is writing the music for the movie, and is

expected to play from his personal scores at the luncheon.

Dr. Burroughs Hill, the author's husband, Tulane graduate and former Oschner Foundation physician, will also accompany the writer here.

Mr. and Mrs. Luther Grice of Diamondhead, personal friends of the author, were instrumental in bringing the Doubleday-sponsored event to Diamondhead.

Admission will be by reservation only, \$5.15 per plate. Call 255-1421, ext. 6244.

Episcopal Schools offer Christmas greens decor

Christ Episcopal Day School and Coast Episcopal High School are selling fresh Christmas greens this year.

The greens are fresh from the Sherwood Forest Farms in the Pacific Northwest, and will be delivered in time for decorating in December.

Alpine Christmas wreaths, home decorator kits, 7 foot western cedar garland and fresh berried English holly are available through the schools' program.

The Alpine Christmas wreaths consist of the rare Pacific Alpine Fir together with fragrant, decorative, long-needed pine. The package contains the highest

quality, red, water-repellent ribbon, carefully selected Western Ponderosa pine cones, with wire ties and illustrations for attaching the wreath. The wreath sells for \$7.

The home decorator kit contains an assortment of the finest quality fresh Christmas evergreens. Also included is a brochure containing illustrated arrangements and ideas for the use of the fragrant greens.

Each kit contains noble or silver tip fir; Western cedar long needle pine; Ponderosa pine cones; snow cones; red ribbon; green wire ties;

arrangement and instruction folder. The kit sells for \$4.

The Western red cedar garland is hand made from select lacy cedar tips, and is attractive either plain or decorated. It is seven feet long and can be used indoors or outdoors. It is firmly woven, drapes smoothly and sells for \$6.

Holly is the traditional symbol of Yuletide - and without it no Christmas can be complete. This sale includes sprays of full-berried English holly grown on the holly ranches in the cool coastal climate of Washington.

Each spray is hand-picked, carefully inspected and

hormone dipped to help insure its arrival in excellent condition.

It can be used on the mantelpiece, the centerpiece of the table or for door swags. The shorter sprays can be used for boutonnieres, corsages or package wrapping. The berried English holly is \$1.75 per bag.

These fresh Christmas greens are on sale through October 31. Checks are to be made payable to Christ Episcopal PTO.

Further information may be obtained by calling Ellen Kane at 467-3272 or Merry Montjoy at 467-4148.

Alfonso featured at Pass Library

October 'Artist of the Month' at Pass Christian Library is Josephine Alfonso, a native of Gulfport, who received her first formal training with Sara K. Smith and later with Earle de Vries at Gulf Park College.

She has furthered her study with some of the nations top art professionals: namely, Henry Gasser, Edgar Whitney, Helen Van Wyk, George Cherepov and John Gaddis.

Her numerous honors include \$2,500 second place in the National Mint Bi-Centennial Medal Design

Competition for the State of Mississippi, and first place \$500 Life Charter Membership in Old Spanish Trail Heritage Foundation for a Logo Design for "GRASS LAWN" a Gulfport historical site.

In addition to being a successful portrait painter, she is noted for her seascapes and florals, popular in demand, and represented in private and public collections throughout the U.S.A. and abroad.

She resides in her studio home at 1531 Alfonso Drive Gulfport.

Hodding Carter III to debate at USM

Hodding Carter III, assistant U.S. Secretary of State, will participate in an Inquiry and Advocacy program tomorrow at the University of Southern Mississippi in Hattiesburg.

Carter will serve as a resource person during a modified parliamentary debate on "Human Rights and American Foreign Policy." The debate will be held in the USM University Rooms A, B and C.

The USM Department of Speech Communication will host the event which is the second of three debates planned this year.

Carter, a native Mississippian, graduated from Princeton University, summa cum laude, in 1957.

He has been a convention delegate, Vice chairman of the Credentials Committee, a member of the Rule Reform Commission and a member of the Charter Commission of the National Democratic Party.

He has received many state and national awards and serves on the boards or executive committees of several state and national organizations.

The debate will be conducted in two sessions and will be moderated by Dr. Richard Conville, chairman of Speech Communications at USM.

The Inquiry segment will begin at 4 p.m. and will follow a "Meet the Press" format. Carter and Dr. William Scar-

borough, author-lecturer and professor of History at USM, will be questioned by a panel of USM Speech Communication students. The topic discussed will be "Should human rights be a basis for U.S. Foreign policy?"

At 7 p.m. the Advocacy session will begin. The student panel will be broken into two, two-man teams and will debate a resolution formulated during the afternoon session.

According to Coordinator of the Inquiry and Advocacy Program, Iris Chatman, the public is urged to attend free of charge and to participate in what promises to be an entertaining and informative discussion.

PRJC Homecoming festivities kickoff at 3 p.m. Saturday

Pearl River College's annual Homecoming Parade through the streets of Poplarville begins Saturday at 3 p.m.

Miller Hammill, parade chairman, said prospects for the largest parade ever at PRC look good.

"We have several firm commitments from the local

area, and a more than usual number of campus organizations have indicated they are planning to enter floats," he explained.

The Poplarville High School Hornet Band, cheerleaders, the Poplarville Homecoming Queen and reigning court as well as several class

organizations will participate.

"We're always happy to open up the PRC parade to include the groups from Poplarville High School," Miller Hammill said, "the Hornet organizations always add to the festivities."

Entries in the parade should begin lining up by 1:30 p.m.

Saturday afternoon, on the home parking lot at the Holden Stadium. All participants should be numbered and ready by 2:45 p.m.

There are three divisions of the parade including college, high school and business competition.

First, second and third place trophies will be awarded in each division. The winning floats will be announced at halftime of the Pearl River and Co-Lin football game.

All floats will be on display on the inside of the Doble Holden Stadium during the nights activities.

To enter the parade call Miller Hammill at 795-4558. Spots will be available for those who decide to enter on Saturday morning.

Pearl River annual Alumni Banquet begins at 6:15 p.m. on Saturday, with the crowning of the Homecoming Queen at 7:30 p.m.

Free films offered at Pass Library

The Pass Christian Library's free film program at 2 p.m. Wednesdays will continue through Nov. 28.

Next week's (Oct. 24) feature is 'In Search of Inca Treasure' by Alan Landsburg, a 24-minute color production made in 1978.

The film is a documentary narrated by Leonard Nimoy on the search for the ancient capital of the Incas, pointing out that the city was discovered by Edmondo Guillen of Peru. The city of Vilcabamba appears to be the Inca capital, but the treasure is gone.

Other features in the series include:

Nov. 7 - 'The Rise and Fall of Wolfgang Amadeus Mozart,' BBC-TV, London, 1970, 35min. black and white.

"Traces the last ten years in

the life of Mozart using films of Vienna, Salzburg, and Prague, combined with contemporary documents and pictures to try to explain reasons for the rejection of this artist during his own time."

Nov. 14 - 'The Bolero,' William Fertik, 1972, 28 min. color.

"A candid, intimate view of the member of the Los Angeles Philharmonic orchestra and their conductor, Zubin Mehta, as they prepare for a performance of Ravel's 'Bolero.' Then comes the excitement of the performance itself, enhanced visually by equally exciting and imaginative photography, featuring the musicians interviewed earlier in the film."

Nov. 21 - 'Handel and His

Music' Coronet Instructional Films, 1957, 14 min. color.

"Presents Handel as a key figure in the development of baroque music. Illustrates with musical selections his contribution to 18th century music, including the oratorio form perfected in the Messiah. Filmed in Germany, Italy, and London."

'Brahms and His Music' Coronet Instructional Films, 1957, 14 min. color.

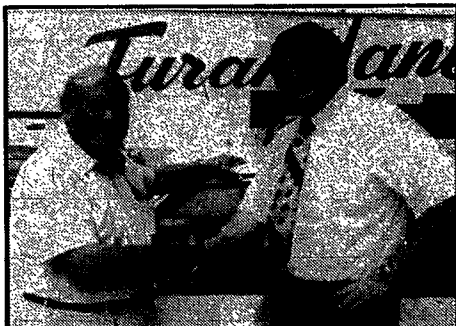

"Uses the music of Brahms a framework within which to present the people who influenced the composer, the places where he lived, and the important ideas of his life."

Nov. 28 - 'Beethoven and His Music' Coronet, 1954, 13 min., color.

"Schubert and His Music," Coronet, 1954, 13 min. color.

McBurnie receives two year term

By RICH ADAMS

Hancock County Circuit Court Judge Rubel Griffin sentenced Glenn E. McBurnie to two concurrent two year terms in the state penitentiary Tuesday after McBurnie pleaded guilty to charges of burglary and grand larceny.

McBurnie had received a three year sentence in the July court term, which will be added to the two year sentence levied Tuesday.

The court term began Monday, Oct. 8, and is slated to continue through Friday.

On Oct. 10 Griffin ordered Beverly McWethy committed to the State Mental Hospital at Whitfield for psychiatric examination and evaluation.

McWethy allegedly held two Waveland patrolmen at bay with a pistol on July 6.

She is charged with two counts of aggravated assault.

Dearry Smiley, who allegedly threatened two men with a .357 magnum pistol on July 4 while stopped on Beach Boulevard in Waveland, pleaded guilty to one count of aggravated assault and another count of simple assault.

District Attorney Albert Necaise had requested one aggravated assault charge be reduced to simple assault prior to testimony in the case.

The court delayed sentencing pending a pre-sentencing report from the State Department of Corrections, formerly the Pardons and Parole Office.

Smiley was released on the bond he posted after his arrest, but was again arrested Tuesday in Jefferson Parish, La., and faces similar charges there.

Griffin ordered Smiley arrested and brought to the Hancock County Jail, where he is to be held without bond pending his sentencing.

Michael A. Smith was found guilty of possession of a controlled substance with intent to distribute or sell, but his sentencing was also postponed pending a pre-sentencing report.

Mississippi Highway Patrolmen allegedly discovered some 500 methaqualone (qualade) pills in the trunk of Smith's car after he lost control of his car and crashed in a ditch along Hwy. 43 in Hancock County.

A rape trial of Fritz Garcia was passed to the January term, according to the clerk's records. That trial will take place on Jan. 14, 1980.

Reports indicate Griffin passed the case to the next term due to family ties with Garcia.

Park precinct," the judge continued. "There is no proof that the voters voted in the superintendent's race; there is no proof how those voters voted; there is no proof how the 41 votes reflected on the will of the voters," the judge read.

"There is proof that 117 votes were cast for Randolph and 47 for Sills in that box; there is no proof that the indication changes the results of the election; and there is no proof that the results are contrary to the will of the voters," he continued.

"We find the decision of the Hancock County Democratic Election Committee is correct and Billy Sills' name will appear on the ballot for the Nov. 7 General Election," Weldy concluded.

The theme of the lawyers' conflict was on whom the burden fell to determine if the votes are illegal, and then to further show for which candidate the illegal votes were cast.

Judge Weldy heard the argument and testimony as did the four members of the tribunal, Wendell Ladner, J.V. Ladner, Pete Moran, and Frank Lee.

One member of the special tribunal was absent due to illness.

Dymond argued that a demurrer filed in response to the petition alleged that Randolph's petition is not specific in the instances of allegedly illegal votes, that the petition does not specify for whom the votes were cast.

Quoting from several cases, including Supreme Court decisions on similar petitions, Dymond alleged the burden falls on the petitioner (Randolph), to specify for whom the votes are cast.

Galloway also noted several cases in which decisions have been made in which the candidate in Sills' situation has been forced to specify the voter's intentions.

Galloway then entered into evidence maps and diagrams of the voting precinct in question, along with court documents and an affidavit signed by Hancock County Tax Collector Edward Murtagh, which confirmed that the 41 voters owned property in the Municipal Separate School District.

Following much legal debate, Weldy recessed and retired to his chambers to decide the matter.

The court reconvened some 45 minutes later, and the judge said Dymond's demurrer and a motion to dismiss the case were both overruled.

Galloway called Randolph to the witness stand, where Circuit Court Clerk Henry Otis swore him in.

Galloway asked the superintendent if the affidavit signed by Murtagh showed the 41 voters resided in the Municipal Separate School District.

Dymond objected, claiming the landowners do not necessarily reside on the lots they own in Shoreline Park.

The judge sustained the motion. Randolph told the tribunal he visited the homes of "each and every person" who allegedly voted illegally.

The superintendent said he visited each home and people were living in the homes at that time.

Dymond then cross examined the witness, asking him if it were not true that Shoreline Park is known as a resort area and that many people from New Orleans come over for the weekend.

Randolph told the tribunal he has checked the area in question with records at Murtagh's office and "determined the people lived within the Bay St. Louis Municipal Separate School District."

Galloway then said he had no other witnesses and rested his case. Dymond made a motion to dismiss the case.

"I move that this petition be dismissed and you issue an order to proclaim Billy Sills the Democratic nominee for superintendent. I think the petition has failed to meet the burden," Dymond told the judge.

The judge then recessed again, taking the four tribunal members into his chambers to decide on action.

The judge and tribunal returned at 2:35 p.m., declaring Sills the superintendent nominee.

Galloway made a motion to be granted an additional four days in which to appeal, which was approved by the judge.

Galloway has until Monday to file his appeal in the form of a Bill of Exception.

letter from Mayor Bennett to City Clerk Kelly Queen in which a veto was filed by he mayor on a decision passed at the last regular meeting of the Council.

Mayor Bennett was not at the meeting when the council voted to have department heads at Council's meetings when the dockets are read each month.

Councilman Thriffley said the motion was his and that "I made it because we are going to have to ask some questions on some items on the Docket and the mayor isn't always here."

Wilmer Seymour said, "What I suggest is that we get out copies of Dockets on Thursday (the Thursday before the regular Tuesday meeting when the dockets are accepted by the Council) and if we have some questions we could contact Mr. McQueen (City Clerk) and he could contact the department heads for an explanation."

After further discussion another 3-1 vote for tabling carried with Farve voting again against the action to table saying, "We table too many things."

Bay PD nabs two in local break-ins

By ELLIS CUEVAS

Bay St. Louis police made one arrest on Oct. 15 and another on the 16th in connection with recovery of items reportedly stolen from two Bay St. Louis businesses.

Arrested and charged with the possession of stolen property was Roland Williams of Bay St. Louis, according to Chief Douglas Williams, for the possession of 10 batteries, grease, anti-freeze, motor oil, engine start, and two drum pumps.

The items recovered were missing following a break-in at Monroe's Shell bulk plant, according to Assistant Chief Frank Hess, which occurred on Oct. 4th.

Chief Williams said another affidavit has been issued for Melvin Smith in connection with the Shell break-in.

Also investigating the Monroe Shell case were Bay Officers Harris Boudreaux in addition to Chief

Williams and Assistant Chief Hess.

Items reportedly stolen from Buck Cospelich's Garage were recovered at the residence of Clarence Taylor of Bay St. Louis on Oct. 16, police say. The break-in was reported on Oct. 3rd.

Taylor was charged with the possession of stolen property and released on a \$5,000 bond, as was Williams, according to the Bay police.

Items recovered at the Taylor residence were racing heads, four speed transmission, starter and air compressor, Chief Williams reported.

The Taylor investigation involved Chief Williams, Assistant Chief Hess, and Officers Larry Ladner, Alton Benoit and Gordon Campbell.

"These two cases may have more people involved and we are continuing our investigation and possibly more arrests will be made," stated Chief Williams.

FRIENDS OF MAN—Assisting man in his ceaseless battle against the mosquito which proliferates in the marshy areas of Hancock County are the Mosquito Hawk or Dragon Fly, here resting on the Pitcher Plant, an insect-eating plant akin to the Venus Fly Trap. The Dragon Fly, according to 'Beneficial Insects' by Lester A. Swan, has been reported to hold as many as 100 mosquitos in its mouth at once. The Pitcher Plant, which grows in wet places, holds pools of poison in the base of its pitcher where it captures and devours insects.

gifts, individual gifts, and community businesses.

The United Way was established in Hancock County in 1964. The Hancock County United Way campaign costs and yearly expense runs less than eight percent which primarily is used for printing and postage.

The United Way of Hancock County and its agencies work on a day-to-day basis to assist people with human needs. The workers for the United Way are volunteers of the Community.

Current donations, pledges and anticipated revenues from the Combined Federal Campaign and payroll deductions amount to approximately \$28,000, shy the \$7,000 needed to reach the \$35,000 goal for 1979.

"The obligations to agencies supported by the United Way have not been raised, even though inflation has hit

just about everything," stated J. Norton Haas, president.

Anyone interested in making a contribution can send it to The United Way of Hancock County, P.O. Box 142, Bay St. Louis, 39520, or call Mrs. C.R. Beyer, executive secretary at 467-5358.

In a report at the meeting, Haas commented that DuPont has a payroll deduction for their employees living in Hancock County and their pledges will come to our campaign.

The regular meetings of the United Way are the second Tuesday of each month at 4 p.m. at the Valena C. Jones complex, Bay St. Louis.

Those attending the meeting were: Benvenutti, campaign chairman; Haas, president; Conrad Mauffray, executive director; Mrs. C.R. Beyer, executive secretary; Mrs. Ina Plazza, Paul Lewis, Ellis Cuevas, Ms. Genevieve Daniels and Wayne Ducomb, directors.

The Hancock North Central Hawks may be looking at a mirror image of themselves this Friday when they meet Pearl River Central following a week-long cease fire.
 HNC Head Coach Irvin Favre, suffering his first losing season in quite a while, takes his squad to Pearl River which is, according to reports, similar in size, experience, and win-loss record as the Hawks.
 "We have a good chance against Pearl River. They are the same size, have a 1-4 record, and they defeated Our Lady of Victories last week 26-12," Favre said.
 "They run basically what we do, a veer and wishbone on offense. There is a strong similarity in the offensive teams," he added.
 Favre said the open date last week allowed the team to recover from its bumps and bruises, and reported the squad has had some very good practices.

Volleyball opens here tonight

By ELLIS CUEVAS

The opening of the Bay-Waveland Volleyball Church League will begin tonight at Sy Rosenthal Gymnasium at 6:15 p.m.
 Games will be played at the gym throughout the 10-week season on Thursday of each week, the first game at 6:30 p.m., followed by games at 7:30 and 8:30 p.m.
 Teams involved in the first season play are First Baptist, First Presbyterian, Main Street United Methodist, First Assembly of God, Our Lady of the Gulf, and Lutheran Church of the Pines.
 Participants of the contests are men from the 10th grade and higher, according to Willis Britt, pastor of the Main Street United Methodist Church.
 The league was formed by ministers of the churches in an informal meeting, Britt said.
 There is no admission cost to the games and the public is invited.

The St. Stanislaus Rock-A-Chaws, losing their first conference game of the season to d'Iberville last Friday, face the second Pascagoula River Conference powerhouse in a row this week as they travel to meet St. Martin.
 Head Coach Barry Jones said Wednesday he hopes his players can "push the d'Iberville loss aside and try to improve each week from here on in."
 Jones said he feels his eleven could have defeated the unscathed Warriors last week, but explained his Rocks made too many errors to record a win in the 14-7

The Bay High Tigers face the Vancleave Bulldogs this week in gridiron competition at Vancleave, and Head Coach James 'Snuffy' Smith is hoping his eleven will be motivated by the fact that they can even their record at 3-3 if a victory is secured.
 However, Smith's optimism is dampened by a poor turnout at practices this week due to a virus which has hit most of the other teams in the area.
 "We have not had a good week of practice. A lot of players have the flu or virus, and we will not be able to formulate new plays due to this," Smith said Wednesday.

Area fishing club sights rare panther at NSTL

By RICH ADAMS

A member of the Southwest Mississippi Bass Fishermen's Club which met Saturday at an isolated spot on Hancock County's National Space Technological Laboratories said he and some 25 other members of the club sighted a Florida Panther and her cub near the shores of Pearl River.
 C.A. Evans of Waveland said the club was preparing a barbeque when the panther, which stood approximately 18 inches high at the shoulders, appeared from the brush.
 He said the cat was being followed by a young cub.

The Florida Panther, according to Evans, is considered rare, and possibly even extinct by the Mississippi Fish and Wildlife Department.
 Evans said he and the other members called a toll-free number of the F&W Department to report the sighting.
 A spokesman from the department said Tuesday he had a report about the sighting, but did not have a follow up report concerning the incident.
 John Phares, chief of game management with the Mississippi Department of Wildlife Conservation in Jackson, said he has no confirmed identification of that species of panther in the state, but added he had received

reports of the animal's presence.
 "The last sighting was three or four years ago," Phares said Tuesday.
 "We had a report about that time from the NASA site, but it was never confirmed with a photograph or a print cast," Phares continued.
 "We receive reports from turkey hunters and tugboat operators on the Mississippi River, but none of those have been confirmed," he added.
 "I would be glad to have a photograph to show they exist in the state," Phares said.
 Evans said all the members attending the barbeque meeting are "experienced hunters and fishermen and we know what to look for."
 "If it were a bunch of kids on a picnic it would be questionable, but we know what to look for," Evans said.
 "The color of the coat was slightly darker than the tawny color usually associated with the Panthers, but we are sure it was a Florida Panther," he added.

Joe Louis Goodman, a Bay-Kiln-Waveland Boxing Club pugilist who has hopes to compete in the 1980 Olympics in Moscow, suffered a setback last week as he tore a stomach ligament in the second round of a rematch against Saucier's Sylvester White.
 Goodman was hit with a low blow 25 seconds into the second round and the fight was stopped, according to Head

Boxing Coach John Whisenhunt said Monday.
 "Joe was well ahead in points and a knockout was moments away when the low blow occurred," Whisenhunt said.
 Goodman was taken to Hancock General Hospital and later to the Biloxi Veteran's Administration Hospital where the torn ligament was discovered.

"Practice is going very well, and we are pleased," Favre said.
"Last week we took off two and one half days of practice to break the monotony of training and heal the bruises," he continued.
"We had a real fine Monday practice session," he added.
Favre said the PRC squad considers the match a rivalry, while he does not, despite the closeness of the two areas.
PRC Head Coach Lance Beach said Tuesday his squad is inexperienced although there are many senior on the team.
He said the young team has not displayed any real strength on the field yet.
"Really, we are not strong either way. We have a balanced offense," he said.
Beach added the rivalry exists, although perhaps it is not as noticeable as in some contests.
"I think both sides consider the game a rivalry. Kids there live by kids here and it is a rival game," he said.

game out also," Lumpkin explained.
"We have assorted bumps and bruises, but the only person out for the next game is Bailey with a knee injury," he added.
"We played the first half fine, but the second half was a nightmare," the head coach continued.
"We fumbled seven times, and they recovered six of those. We lost the St. Martin game on offense," Lumpkin added.
When asked if the Pirates have been working on any shuffle of the players which will surprise the Harrison Central eleven, Lumpkin said, "I hope they surprise me and play the way they are capable of playing."
"You can't make mistakes against a good football team and expect to win. If we make mistakes Friday, it will be a long night," he added.
Gametime is at 7:30 p.m. at Harrison Central.

gridiron contest.
"I still feel we have the better ballclub," Jones said.
The first-year head coach said his squad will have to buckle down and play a completely flawless game against the Yellow Jackets Friday, as he claims St. Martin is a team equal to the Warriors.
"St. Martin is as good as d'Iberville, and has better personnel than the Warriors," Jones said.
"We have one tough ballgame after another from here on, and we have to play good, constant football," he continued.
The Rock-A-Chaws remained relatively injury-free during the meeting with d'Iberville, with the exception of a dislocated kneecap sustained by Offensive Guard Mike Riley.
"He is questionable to start Friday. Riley has been working out with us without pads, and I believe he may see limited action," Jones said.
"We have been fortunate with injuries lately, and I think the reason is because we are in good condition," the head coach continued.
"Most of our boys go at full speed, and this is a big factor. If we get a lot of injuries on the line, we are in trouble because we lack depth," he added.
Gametime is 7:30 at the Yellow Jacket's home field.

26 in a row

Gulfview adds to winning streak

By RICH ADAMS
Sports Editor

Gulfview Elementary's gridiron squad defeated rival Charles B. Murphy Tuesday following a homecoming win over Pineville last week.

Head Coach Curtis Thaxton's crew won it's 26th game in a row against Pineville last Thursday, 28-6, and then increased its season record to 5-0 Tuesday against the CBM eleven in a 46-28 score test.

In the earlier game, Quarterback Donald Graham set up an opening score with a 35 yard gain.

Three plays later he ran a bootleg right to score from the Pineville 35.

Richard Mayne ran a two point conversion to give the Gulfview squad an 8-0 lead.

Following a Pineville punt, Geb Frickie tossed a 55 yard scoring pass to Jack Singleton to increase the first period lead.

Ran Davis rushed around the left side to add a two point conversion and make the score 16-0.

The Gulfview eleven held the Pineville squad again, and after moving his offense downfield, scored again on a seven yard touchdown pass from Graham to Steve Shlyou.

John Moran's conversion was not successful, and the Bulldogs led 22-0.

In the second period, Graham pitched out to Mayne, who ran the ball 70 yards for an apparent score, but the ball was called back due to an offensive clipping infraction.

The Gulfview defense dominated play, and by the end of the half the Pineville squad had only picked up one first down.

In the third period, Mayne ran around the right side of the line for a 45 yard gain, making the score 28-0.

Head Coach Curtis Thaxton then pulled out all his starters and Pineville's Micky James ran around the right end for a 20 yard scoring drive.

The final score was 28-6.

Defensive standouts cited by Thaxton were Sam Rush, Harold Strehle, and Claudio Irias.

The Gulfview squad had 206 yards on the ground on 19 carries and passed three-for-three, all scoring airtials, for a total of 72 yards.

In Tuesday's game, Harold Strehle blocked a Murphy punt which set up a six yard scramble by Mayne to score.

The conversion attempt failed.

On the next Gulfview possession,

Frickie passed to Singleton for a 40 yard gain all the way to the two yard line.

Frickie then dived the final two yards to score again, making the score 12-0 early in the first period.

Lydeil Curry, a speedster from Charles B. Murphy, then swept left against the Gulfview defense to streak to a 45 yard score, making the tally 12-6, still in the first stanza.

Frickie returned the ensuing kickoff 80 yards for a Gulfview score, totalling the high scoring contest at 18-6.

CBM came back in the next series and Larry Givens went up the middle for a 35 yard score, making the score 18-6.

Late in the first period Mayne took an option pitch out from Graham and scored from 35 yards out.

Graham hit Singleton in the end zone for a two point conversion, making the score 26-12.

"Things slowed down in the second quarter," Thaxton said, as his team scored only one touchdown in that

stanza.

The score came after Wayne Fuch recovered a loose ball from Perlington, which set up a Davis romp from three yards out.

CBM got in a score in the closing seconds of the half as Curry went to the right of the line and ran 60 yards to score, making the halftime score 32-18.

Frickie added a score in the third period as he ran for a 15 yard gainer into the end zone, making the tally 40-18.

Thaxton put in all his substitutes, and on the first series of downs Curry picked up a 60 yard score. The conversion was good, and the score was 40-26.

Near the end of the game Davis carried the ball 22 yards, dragging five defenders into the end zone with him, for the final score, making the victory 46-26.

Frickie was high rusher with 159 yards on 13 carries.

and is working out in the gym tonight," Whisenhunt said.

Nicky Slade, a 17-year-old middleweight and a native of Bay St. Louis, added another notch on his handle when he defeated Michael Lindsey, 23, of the Biloxi Boxing Club in the Saucier gym.

Lindsay is an airman stationed at Keesler Air Force Base.

"(Lindsay) is much taller than Nicky, but both weighed in at 165 pounds," Whisenhunt said.

"Lindsay has dodged Nicky for the last two months, but we finally got him in the ring Saturday night. Nicky launched a body and head attack and threw combinations throughout the match," Whisenhunt reported.

"Nicky has been whipping up on some real tough guys from Mississippi and Louisiana lately," the head coach added.

Todd Rooks, a 13-year-old from Kiln won a unanimous decision over Willy Jackson of the Saucier Boxing Club.

The match went the distance of three one-minute rounds.

"Todd is a real workhorse," Whisenhunt said.

"He makes good grades in school, is helping his father build a new home,

and finds time to work out in the boxing gym," he continued.

"Todd has been on a winning streak for the past four or five weeks," he added.

Nolan Vince, a 22-year-old native of Pearlinton, filled in for Nicky Slade in a bout against Willie (Wild Man) White of the Saucier Boxing Club and went the distance only to lose in a close decision.

"Nolan won but Willie got the trophy," Whisenhunt said of the match.

At the gym but unable to get a match were Bobby Murhead, 13; his brother, Steve, 10; and Shane (Under Dog) Whisenhunt, a six-year-old 40-pounder.

Charles Carter, Hancock County Youth Court administrator, assisted in coaching from the corner.

Carter has entered into an agreement with the boxing club to use the facilities at the gym and the club as a rehabilitation facility for juvenile offenders.

Whisenhunt could not elaborate on the matter because of the confidential nature of the Youth Court.

Carter's wife led a cheerleading section in the bouts against the Saucier and Biloxi pugilists, and said she is considering forming a cheerleading squad.

Robert Whavers Sr. and Thomas Farve are co-directors of the basketball league for the Parks and Playgrounds Department.

Whavers reported an all-out effort is underway to try and get as many youth as possible to play in the league.

For more information call Whavers at 467-7339 or Farve at 467-6716.

The league season is slated to last 15 weeks.

The Bay St. Louis Parks and Playgrounds Department sponsors softball, T-ball, and other activities throughout the year for youth of the community.

SOME FISHY FACTS

Many people believe that all it takes to be an expert fisherman is to sound like one. Others insist that you must catch fish.

Here are a few simple facts from Mercury outboards' fishing department which you can use to either catch more fish, or to impress friends.

Do fish hear?

Yes, but not the same as most other creatures. Fish do not have external ears but they do detect sounds and vibrations in water by means of an internal air bladder which transmits sound to an ear chamber.

Also, experiments have shown that some fish use their lateral lines to detect vibrations.

Do fish see underwater? Definitely, although their vision is limited by the short distance light travels in water.

Do fish shed their scales?

No, scales only grow bigger. Biologists use the scales to age fish, with rings corresponding to each year of a fish's life.

Do fish drink water?

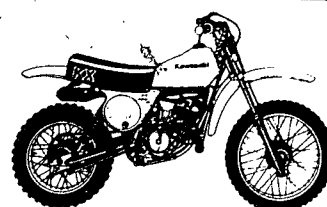

Not freshwater fish. They take in water with their food, and also when they force water through the gills to obtain oxygen.

Most of this is probably expelled immediately. Saltwater fish do drink water, since the high concentration of salt in the water around them tends to cause a loss of natural body fluids.

They pass off excess salt through special cells.

Do fish sleep?

Biologists say yes. Fish do not have eyelids and therefore don't close their eyes, but they do take time out to rest.

All new MX magic!
